

Pop Art

Pop art

- Pop Art (Popular art) was an artistic movement of the final years of the 1950's in England and the United States that used images and themes taken from the mass media and applied in visual arts.
- The concept of Pop Art refers not as much to the art itself as to the attitudes that led to it.

Just What Is It
That Makes
Today's Homes
So Different, So
Appealing?

Coca-Cola
Andy Warhol

What's great about this country is that America started the tradition where the richest consumers buy essentially the same things as the poorest. You can be watching TV and see Coca Cola, and you know that the President drinks Coca Cola, Liz Taylor drinks Coca Cola, and just think, you can drink Coca Cola, too. A coke is a coke and no amount of money can get you a better coke than the one the bum on the corner is drinking. All the cokes are the same and all the cokes are good. Liz Taylor knows it, the President knows it, the bum knows it, and you know it.
